Dr. Habiuk is a vaccine adjuvant expert at the University of Alberta, where he has worked for 25 years. He is currently an Associate Professor, where he is also a research position at University of Alberta's Vaccine Research Institute. Dr. Habiuk received an International Vaccine Institute Fellowship in 2018.

Dr. Habiuk is a nationally recognized research powerhouse and launched a \$140 million bio-containment facility – the only one of its kind in Canada.

He has published over 500 manuscripts, peer-reviewed 1000

manuscripts, mentored over 100 PhD and post-doctoral fellows who have gone on to successful careers in academic, industry, and

government. His laboratory has been ranked as one of the top 100

in the world with an impact of 5000 citations. He has been a recipient of numerous awards and honors, including the International Vaccine Institute Fellowship in 2018.
